FOREWORD

ORIGIN OF THE BERTRAM NAME

By: Marshall Bertram

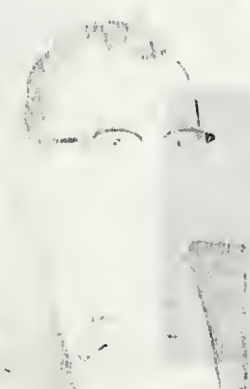

The name Bertram is of Teutonic origin and meant something shining. In old English the name was spelled Beorhtram and meant "Shining Raven". In Surnames of Scotland by George F. Black the earliest reference to one of our name was a Johan Bertram, burgess of Inverkeithing who rendered homage to the Scottish King in 1296. Other references speak of a Walter Bartram, who may have been the Walter Bertrahame, who was provost of Edinburgh in 1482. Other spelling variations include Bartram, Bertrum, and Bertram.

In the Encyclopedia Britannica and in Who's Who, the English spelling is almost exclusively Bertram. This is also the spelling in German, but the Germans pronounce it with a guttural accent and with a rolling of the "rs". In French the name is Bertrand and in Italian it is Bertrano or Bertrani. How our first American ancestor may have spelled it is not certain, but some of the old gravestones at Pleasant Hill have the name spelled Buttram, and there are people in Tennessee who spell the name in that manner as does Pat Buttram, radio comedian.

This book is an effort on the part of the editors to assemble as much material as possible pertaining to the Bertram family, and to preserve it in picture form. No effort has been made to follow any particular chronological order, but family groups are placed together as much as possible. We hope this book will prove valuable in acquainting the members of the Bertram clan with each other.
